

TRUCK LOCKS

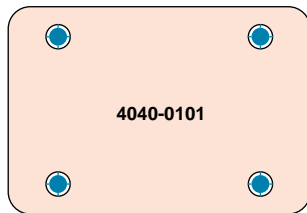

- Provide a ready means of steadying a truck without raising it.
- Complete freedom of movement restored by quick release foot pedal.
- Moderate operating force required to press rubber pad into contact with the ground does not alter with load .

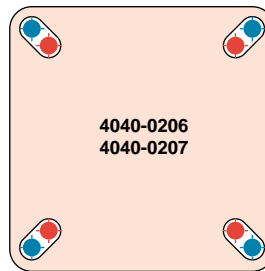

overall height free position	overall height pad extended	code
119	143	4040-0101
125	150	4040-0206
170	210	4040-0207

Standard fixings

- = 137 x 94mm
- = 92 x 67mm
- ⊥ = M10

- = 120 x 120mm
- = 100 x 100mm
- = 85 x 85mm
- ⊥ = M10

Mount truck locks as near to swivel castors as possible without encroaching on swivel radius

Truck locks in combination with 4 swivel castors:

Mount 1 truck lock each end

Truck locks in combination with 2 swivel & 2 fixed castors:

As a minimum requirement, mount 1 truck lock beside each swivel castor
